Chapter I. Introduction

Celyad SA (the “**Company**”) attaches great value to good corporate governance and is aware that the good governance of listed companies is an important factor in investment decisions for all stakeholders of the Company.

On 9 December 2004, the Belgian Corporate Governance Committee published the Belgian Code on Corporate Governance (the “**CGC**”), which is a code of best practice applying to listed companies on a non-binding basis (“comply or explain” approach). On 12 March 2009, the Belgian Corporate Governance Committee published a new version of the CGC, which replaced the 2004 version of the CGC. Any reference in this Corporate Governance Charter (the “**CG Charter**”) to the CGC is to the 2009 version.

Pursuant to Article 96, §2, 1° of the Belgian Company Code (the “**BCC**”) (as amended by the Law of 6 April 2010 regarding the reinforcement of corporate governance in listed companies) and the Royal Decree of 6 June 2010 regarding the designation of the CGC to be complied with by listed companies, the Company, a company incorporated and existing under Belgian law and listed on a regulated market must apply the CGC, and is committed to following the nine corporate governance principles listed in the CGC. As required under the CGC, the Company has drawn up this CG Charter in order to set out the main aspects of its corporate governance policy, such as its governance structure, the Terms of Reference of the Board of Directors (the “**Board**”) and its Committees and other important topics such as its remuneration policy. This CG Charter was approved by the Board of the Company in its meeting on 8 December 2016 and may be updated from time to time.

The Board is of the opinion that the Company is justified in not adhering to certain principles of the CGC, considering the nature and size of the Company. These deviations include:

- Provision 7.7 CGC: the non-executive directors receive fixed remuneration in consideration of their membership of the Board of Directors and their attendance at committee meetings of which they are members. In principle, they will not receive any performance related remuneration, nor will any options or warrants be granted to them in their capacity as a director. However, on the advice of the Nomination and Remuneration Committee, the Board of Directors may propose to the Shareholders' Meeting that it deviate from this restriction if, in the Board of Directors' reasonable opinion, the granting of options or warrants is necessary to attract or retain non-executive directors with the most relevant skills, knowledge and expertise.

This CG Charter is available, together with the articles of association of the Company (the “**Articles of Association**”), on the Company's website (www.celyad.com), indicating the date of the most recent update. This CG Charter will be updated as required in the case of any changes to the Company's corporate governance policy.

In addition, in its annual report, the Company will include a Corporate Governance Statement (the “**CG Statement**”) which will contain a remuneration report and more factual information on its corporate governance policy, including any changes to the Company's corporate governance policy together with the relevant events that have taken place during the year under review, such as the appointment of new directors, the designation of Committee members, and the annual remuneration received by members of the Board. If necessary, the Board will provide explanations on where it has departed from the provisions laid down in this CG Charter and why it has done so.

The remuneration report should form “a well-defined part” of the CG Statement and must contain the information listed in Article 96, §3 of the BCC. The remuneration report should contain, *inter alia*, a statement of the remuneration policy adopted for the executive managers, confirmation of the principle that no individual should decide his own remuneration and a description of its internal procedures for (i)

developing a remuneration policy for non-executive directors and executive managers and (ii) setting the level of remuneration for non-executive directors and executive managers. Any significant changes to this remuneration policy that have occurred since the end of the reported fiscal year should be explicitly emphasized in the remuneration report.

Titles used in this CG Charter are used for the purposes of clarity only and are not to be used for interpretation purposes.

Most references to individuals in this CG Charter are in the masculine. Gender specific references should be interpreted as being gender neutral, except if a different meaning is given in the following contexts:

- definitions and concepts referred to in the plural also relate to the singular and *vice versa*;
- words and definitions in the masculine also relate to the feminine and *vice versa*;
- reference to a law also means any amendments, replacements, extensions, etc. to such law.

F. Main governance structure

The Company has opted for a one-tier governance structure. As stated in Article 522 of the BCC, the Board is the ultimate decision-making body in the Company, except with respect to those areas that are reserved by law or by the Articles of Association to the shareholders' meeting.

The Board's Terms of Reference, including its responsibilities, duties, composition and operation are set out hereafter in Chapter IV ("*The Board: Terms of Reference*").

The responsibilities of the Chairman of the Board are listed in Schedule B ("*Role and Responsibilities of the Chairman of the Board*") to this CG Charter.

Furthermore, the Board appointed a Company Secretary whose responsibilities are listed in Chapter VI ("*Company Secretary*") of this CG Charter.

By decision of the Board, a person (who need not be a director) may be given a particular mandate to act on behalf of the Company.

The Executive Management Team is an advisory Committee to the Board, and therefore does not constitute a Management Board ("*comité de direction*") in accordance with Article 524*bis* of the BCC.

The Board has delegated the Company's day-to-day management within the meaning of Article 525 of the BCC to the Chief Executive Officer ("**CEO**"). Each of the members of the Executive Management Team has been made individually responsible for certain aspects of the day-to-day management of the Company and its business (in the case of the CEO, by way of delegation by the Board; in the case of the other Executive Management Team members, by way of delegation by the CEO).

The Terms of Reference of the Executive Management Team, including its responsibilities, duties, composition and operation, are set out in Schedule C ("*Executive Management Team – Terms of Reference*") to this CG Charter. The Terms of Reference of the CEO and the other members of the Executive Management Team, including their responsibilities and duties, are set out in Schedule D ("*Role and Responsibilities of the CEO and the members of the Executive Management Team*") to this CG Charter.

It assists the Board with specific tasks, it being understood that the final decision-making power remains with the Board. The Terms of Reference of the Nomination & Remuneration Committee, including its responsibilities, duties,

composition and operation, are set out in Schedule E (“*Nomination & Remuneration Committee – Terms of Reference*”) to this CG Charter.

The Board has also established an Audit Committee. The Terms of Reference of the Audit Committee, including its responsibilities, duties, composition and operation, are set out in Schedule F (“*Audit Committee – Terms of Reference*”) to this CG Charter.

G. Website

The Board ensures that all information that the Company is obliged to publish by law (including the BCC) and this CG Charter is posted on and updated in a clearly recognizable part of the Company’s website separate from the commercial information.

Chapter III. Shareholder structure

A. Identity of the major shareholders of the Company and description of their voting rights, special control rights and any shareholder agreements, if any

Taking into account the transparency declarations that the Company has received per 26 September 2018, pursuant to the applicable legislation on the disclosure of significant participations in listed companies, the major shareholders of the Company (i.e. above 5% on a non-fully diluted basis) are:

Notification of 26/09/2018	Denominator on 26/09/2018: 11.942.344	
Holder(s) of voting rights	Number of voting rights	% of voting rights
1. Victory Capital Management	600,700	5,03%
2 Tolefi SA	2,295,701	19,22%
Total	2,896,401	24,25%

In the Articles of Association, the Company has not set a specific threshold requiring a transparency declaration, and therefore applies the legal thresholds, requiring a transparency declaration of voting rights at 5% and each subsequent multiple of 5%.

The major shareholders and their holdings, to the extent known to the Company, are published and updated on the Company's website. Furthermore, none of the major shareholders have, to the extent known to the Company, special voting rights or control rights.

To the Board’s best knowledge, no shareholders’ agreement exists among shareholders of the Company with respect to the Company.

B. Relationship with significant shareholders

No direct or indirect relationships exist between the Company and its significant shareholders.

C. Form of shares

The Company's shares can be held as either registered shares or dematerialized shares, at the discretion of the shareholders.

For registered shares, the names and addresses of all shareholders or holders of a right of usufruct or pledge are recorded in the shareholders' register. On request, holders of registered shares will be provided with an extract from the register at their expense.

Holders of registered shares may request that their registered shares be converted into dematerialized shares and *vice versa*.

Any costs incurred by the conversion of shares into another form will be borne by the shareholder. Any requests should be made in writing, duly signed, and sent by ordinary mail to the registered office of The Company for the attention of the Company Secretary.

Chapter IV. The Board: Terms of Reference

These Terms of Reference have been adopted by the Company's Board to clarify its role and responsibilities. These principles and policies are in addition to and are not intended to change or interpret any law or regulation or the Articles of Association. The Board will revise these Terms of Reference from time to time to adapt these to its evolving needs.

A. Role, responsibilities and authority

1. Role

As provided by Article 521 of the BCC, the Company is headed by a Board acting as a collegiate body. The Board's role is to pursue the long-term success of the Company by providing entrepreneurial leadership and enabling risks to be assessed and managed. The Board should decide on the Company's values and strategy, its risk preference and key policies. The Board should ensure that the necessary leadership, financial and human resources are in place for the Company to meet its objectives.

2. Responsibilities

The Company has opted for a "one-tier" governance structure.

As provided for by Article 522 of the BCC, the Board is the ultimate decision-making body in the Company, except with respect to those areas that are reserved by law or by the Articles of Association to the shareholders' meeting.

The key responsibilities of the Board include:

- reviewing, evaluating and deciding on a regular basis on the strategic objectives and the general policy plan of the Company, its readiness to take risks, its values and the policy guidelines with regard to the primary functional areas of the Company;

- reviewing, evaluating and approving the Company's budget and forecasts;
- reviewing, evaluating and approving major resource allocation and capital investments;
- ensuring that the necessary leadership and the necessary financial and human resources are in place so that the Company can achieve its objectives;
- reviewing the financial and operating results of the Company;
- monitoring and evaluating the performance of the Company against its strategic goals, plans and budgets;
- choosing the structure of the Executive Management Team, defining its powers and duties and supervising and evaluating the performance of the Executive Management Team and reviewing the realization of the Company's strategy;
- approving and overseeing the Company's principal objectives and strategy, as recommended by the CEO;
- appointing and dismissing the CEO, the members of the Executive Management Team and the Company Secretary;
- determining the power and responsibilities of the CEO in a clear manner and in writing;
- appointing and dismissing members of the Board's Committees and their chairmen;
- monitoring and reviewing the effectiveness of the Board's Committees;
- maintaining continuing interaction and dialogue and a climate of respect, trust and candor with the Executive Management Team;
- reviewing, evaluating and approving the compensation strategy as it relates to the members of the Executive Management Team of the Company, including, any decision to implement incentive schemes for the benefit of members of the Executive Management Team;
- being responsible for the integrity and timely disclosure of the Company's financial statements and other material financial and non-financial information disclosed to the shareholders and potential shareholders;
- selecting the External Auditor, supervising its work and responsibility for supervising the internal audit function;
- describing the main features of the Company's internal control and risk management systems, to be disclosed in the CG Statement;
- being responsible for the corporate governance structure of the Company and compliance with the CGC provisions;
- supervising the fulfilment of the obligations of the Company vis-à-vis its shareholders, accounting to the shareholders for the discharge of its responsibilities and in so doing, balancing the interests of the parties involved with the Company;
- fostering an effective dialogue with the shareholders and potential shareholders based on a mutual understanding of objectives and concerns.

With respect to its monitoring responsibilities the Board:

- reviews the existence and functioning of a system of internal controls, including adequate identification and management of risks (including those relating to compliance with existing legislation and regulations);
- takes all necessary measures to ensure the integrity of the Company's financial statements;
- supervises the performance of the external auditor. However, any such system should take into account the size of the Company.

In addition to the more general responsibilities of the Board listed above, and notwithstanding the powers reserved by law to the Board, the Board also has, among other things, the following decision-

making responsibilities which have not been delegated to the CEO and which relate to the following matters:

- any material change in the Company's debt structure and borrowings or the taking out of any mortgage or the pledging of assets if not foreseen in the approved annual budget;
- the disposal of the whole or a substantial part of the business of the Company;
- the acquisition or disposal of an equity participation in other companies;
- any decision to incorporate, create, acquire or transfer subsidiaries or branches or to acquire assets to which a material part of the Company's business will be attributable after such acquisition;
- any transaction between the Company and a director, a member of the Executive Management Team, a shareholder or a person that is part of the same group as a director or shareholder or any of its affiliates within the meaning of Article 11 of the BCC;
- any proposal for the dissolution, liquidation, legal merger or legal de-merger of the Company in any manner;
- any material variation to the terms of the Board-approved standard confidentiality provisions, assignment of inventions or non-compete undertakings, in an employment agreement or services agreement that is being negotiated with a member of the Executive Management Team;
- any decision relating to the entering into, amendment to or termination of material in- or out- licensing agreements.

In the implementation of its tasks, the Board must act in conformity with the interests of the Company.

3. Authority

Directors have full and free access to officers and employees of the Company. Any meetings or contacts that a director wishes to initiate may be arranged through the CEO or, on an exceptional basis, directly by the director. The directors will use their judgment to ensure that any such contact is not disruptive to the business operations of the Company and will, if not inappropriate, copy the CEO in on any written communications between a director and an officer or employee of the Company.

The Board and any Board Committee, after consultation with the Chairman of the Board, has the power to engage experts or advisors, including independent legal counsel, deemed appropriate by the Board (or the relevant Committee), without consulting or obtaining the approval of any officer of the Company. The Company will provide for appropriate funding, as determined by the Board, for payment of reasonable compensation to any such experts, advisors or counsel retained by the Board (or Board Committee).

The Board has the authority and the duty to use adequate, necessary and proportional means in order to fulfil its responsibilities. The Board as a whole is collectively accountable to the Company for adequately exercising its authority, powers and duties.

B. Composition, nomination procedure and induction

1. Composition of the Board

The Articles of Association state that the number of directors of the Company, who may be natural persons or legal entities and who need not be shareholders, must be at least 3. The Board currently believes that the optimum number of directors is between 5 and 10. Article 12 of the Articles of Association provides for certain nomination rights.

At least half of the members of the Board must be non-executive directors and at least three of them must be independent directors.

Adequacy of size and composition will be regularly assessed by the Board on the recommendation of the Nomination & Remuneration Committee. The Board's composition should ensure that decisions are made in the corporate interest.

The *curricula vitae* of the directors and the directorship candidates are available for consultation on the Company's website. A list of the members of the Board indicating which Board members are independent directors is disclosed in the CG Statement.

2. Nomination Procedure

For any new appointment to the Board, the skills, knowledge and experience already present and those needed on the Board will be evaluated and, in the light of that evaluation, a description of the role and skills, experience and knowledge needed will be prepared (a "profile"). The composition of the Board is further determined in light of gender diversity and diversity in general. As of January 1st, 2019, one third of the members of the Board will be from a different gender than that of the other members.

When dealing with a new appointment, the Chairman of the Board must ensure that, before considering the candidate, the Board has received sufficient information such as the candidate's *curriculum vitae*, an assessment of the candidate based on the candidate's initial interview, a list of the positions the candidate currently holds, and, if applicable, the necessary information for assessing the candidate's independence.

The Chairman of the Board is in charge of the nomination procedure. The Board is responsible for proposing members for nomination to the shareholders' meeting, in each case based on the recommendation of the Nomination & Remuneration Committee. Should any of the offices of director become vacant, for whatever reason, the remaining directors will have the right to temporarily fill this vacancy until the next shareholders' meeting, which will make the final appointment.

Whenever a legal entity is appointed as a director, it must specifically appoint an individual as its permanent representative chosen from among its shareholders, managers, directors or employees, and who will carry out the office of director in the name and on behalf of that legal entity.

Any proposal for the appointment of a director by the shareholders' meeting should include a recommendation from the Board based on the advice of the Nomination & Remuneration Committee. This provision also applies to shareholders' proposals for appointment. The proposal must specify the proposed term of the mandate, which must not exceed four years. It must be accompanied by relevant information on the candidate's professional qualifications together with a list of the positions the candidate already holds. The Board will indicate whether the candidate satisfies the independence criteria.

3. Director Qualifications

Not less than three members of the Board must meet the criteria for independence.

The Board's standards for determining the independence of a director are set out in Schedule A ("Independence Standards") to this CG Charter.

Directors should exhibit high standards of professional ability and judgment and should be committed, in conjunction with the other directors, to serving the long-term interests of the Company.

Each director should have the skills, knowledge and experience that complements the needs of the Company, and should bring to the Board an inquisitive and objective perspective that enables him, if needed, to challenge management. Taken as a whole, the Board should be composed of persons who, to a certain extent, complement each other, and represent various areas of skill and expertise.

Non-executive directors should spend the time and meet as frequently as necessary to properly discharge their responsibilities. They should be made aware of the extent of their duties at the time of their application, in particular as to the time commitment involved in carrying out those duties. They should not consider taking on more than five directorships in listed companies, including the directorship in the Company, provided that the Board can, in certain circumstances, advise the shareholders that is acceptable to deviate from this rule. Changes to their other relevant commitments and their new commitments outside the Company should be reported to the Chairman of the Board as they arise.

4. Term limits

Appointments are generally made for a maximum term of four years. When an independent director has served on the Board for three consecutive terms, he is not eligible for a fourth term, as he cannot be an independent director of the Company for more than twelve years.

Before proposing any director for re-election, the Board should take into account the evaluations made by the Nomination & Remuneration Committee.

The mandates of those directors who are not re-appointed for a new term will terminate immediately after the shareholders' meeting which decides on any re-appointment or appointment.

C. Organization

1. Board meetings

The Board will meet as frequently as the interest of the Company dictate, but in any case, sufficiently regularly to enable it to discharge its duties effectively, and certainly not less than four times per year. Meetings will be called by the Chairman or the Chief Financial Officer ("CFO") or the Chief Legal Officer ("CLO"), whenever this is required in the interests of the Company, as well as on any request to that effect made by two directors.

In principle, at least five-day notice of a Board meeting must be given to the Board members. The notice may be given by means of email or any other electronic means. Where duly justified by an emergency and by the corporate interest of the Company, this notice period may be reduced to 24 hours or waived by the unanimous written consent of all the directors. If all directors are present or represented at the meeting, they will be deemed to have waived this notice period.

The Board may meet by conference call, video conference or by any similar means in which all persons participating in the meeting can be heard.

Moreover, where duly justified by an emergency and by the corporate interest of the Company, decisions may be adopted, without a meeting, by the unanimous written consent of all directors. However, this procedure may not be used for the approval of the annual accounts and the use of the authorized capital.

Each meeting is chaired by the Chairman and, in his absence, by the director appointed by the Board. The Board may only validly deliberate and decide on issues before it, if at least half of its members are present or represented. A new meeting must be convened if a quorum is not reached. The second meeting may validly deliberate and decide on the items that were on the agenda of the first meeting

regardless of the number of directors present or represented, to the extent that at least two members of the Board are present. Any director may represent more than one other director. Resolutions are taken by a simple majority of the votes cast.

The number of Board and Board Committee meetings and the individual attendance records of directors are disclosed in the CG Statement.

2. Agenda Items for Board meetings

The Chairman ensures that a detailed agenda and, to the extent feasible, supporting documents and proposed resolutions will be provided to the directors approximately three days prior to each Board meeting.

The Chairman sets the agenda, after consulting with the CEO.

3. Minutes

The Company Secretary drafts the minutes of each meeting reflecting the issues that were discussed, the decisions that were taken and, if any, the reservations that were voiced by dissenting directors. The minutes will be submitted for approval at the next Board meeting.

4. Conflicts of Interest

Directors should arrange their personal and business affairs so as to avoid any direct or indirect conflicts of interest with the Company. Any director must abide with the rules on conflicts of interests as set out in Schedule G ("*Conflicts of interests*") to this CG Charter.

5. Representation of the Company by its directors

The Company is validly represented by the Board acting as a collegiate body, by any two of its directors acting jointly or, for acts within the scope of their specific mandates, by special representatives who are appointed by the Board.

D. Performance evaluation of the Board

Under the lead of the Chairman and assisted by the Nomination and Remuneration Committee (and possibly also by external experts) every three years the Board will conduct a self-evaluation in respect of its size, composition, performance and those of its Committees, as well as in respect of its interaction with the executive management. The evaluation will have the following objectives:

- assessing how the Board or the relevant Committee operates;
- checking that the important issues are suitably prepared and discussed;
- evaluating the actual contribution of each director's work, the director's presence at Board and Committee meetings and his constructive involvement in discussions and decision-making;
- checking the Board's or Committee's current composition against the Board's or Committee's desired composition.

The non-executive directors must assess their interaction with the Executive Management Team on an annual basis. In this respect, non-executive directors will meet at least once a year without the CEO and the other executive directors.

There is a periodic evaluation of the contribution of each director aimed at adapting the composition of the Board to take account of changing circumstances. At the time of their re-election, the directors'

commitments and contributions are evaluated within the Board and the Board ensures that any appointment or re-election allows for an appropriate balance of skills, knowledge and experience to be maintained on the Board. The same applies at the time of the appointment or re-election of the Chairman (of the Board and of the Board's Committees).

The Board will act on the results of the performance evaluation by recognizing its strengths and addressing its weaknesses. Where appropriate, this will involve proposing new members for appointment, proposing not to re-elect existing members or taking any measure deemed appropriate for the effective operation of the Board.

The CG Statement discloses information on the main features of the evaluation process of the Board, of its Committees and its individual directors.

E. Director remuneration

The level of remuneration should be sufficient to attract, retain and motivate directors who have the profile determined by the Board.

The non-executive directors may receive fixed remuneration in consideration for their membership of the Board and their attendance at Committee meetings of which they are members. On the advice of the Nomination and Remuneration Committee, the Board may propose to the shareholders' meeting to grant options or warrants in order to attract or retain independent directors with the most relevant skills, knowledge and expertise. Insofar as this grant of options or warrants comprises variable remuneration under Article 554 of the BCC, this remuneration (and any other variable remuneration) will be submitted for approval to the next Annual General Shareholders' Meeting.

None of the other directors will receive any remuneration in consideration for their membership of the Board. All directors (including those who are not independent) will in any event keep the warrants granted to them prior to the listing of the Company's shares on Euronext Brussels.

The Nomination and Remuneration Committee recommends the level of remuneration for independent directors, subject to approval by the Board and, subsequently, by the shareholders' meeting. The Nomination and Remuneration Committee benchmarks directors' compensation against peer companies to ensure that it is competitive. Remuneration is linked to the time committed to the Board and its various Committees.

Without prejudice to the powers granted by law to the shareholders' meeting, the Board sets and, from time to time, revises the rules and the level of compensation for directors carrying out a special mandate or sitting on one of the Committees and the rules for the reimbursement of directors' business-related out-of-pocket expenses. The remuneration of directors will be disclosed to the Company's shareholders in accordance with applicable laws and regulations.

F. Access to management

Non-executive members of the Board must not intervene directly in the operations of the Company other than in exceptional circumstances and on a "needs only" basis.

Non-executive members of the Board will not ordinarily give instructions to, or interfere with the activities of Company management and employees. As an exception to this principle, members of the Audit Committee will at all times have full and free access to the CFO and subject to giving prior notice to the CEO and/or CFO, any other employee to whom they may require access in order to carry out their responsibilities (however, without the CEO or CFO having the right to oversee or attend these meetings).

G. Board interaction with institutional investors, analysts, media, customers and members of the public

Except where directed by the CEO or the CFO of the Company, communications on behalf of the Company with the media, securities analysts, stockbrokers and investors must only be made by specifically designated representatives of the Company. If a director receives any inquiry relating to the Company from the media, securities analysts, brokers or investors, including informal social contacts, he should decline to comment and ask them to contact the Company's CEO or CFO.

Chapter V. Chairman of the Board

The Chairman of the Board provides leadership to the Board in discharging its duties, and acts as a liaison between the shareholders, the Board and the Company. The Chairman is responsible for taking the lead, supported by the Board's Committees if necessary, in all initiatives that are designed to ensure that the Board functions effectively and in line with the Terms of Reference as set out in Schedule B ("*Role and responsibilities of the Chairman of the Board*") to this CG Charter.

The Chairman is appointed by the Board on the basis of his knowledge, skills, experience and mediation strength. The Chairman of the board and the CEO should not be the same individual. If the Board envisages appointing the former CEO as Chairman, it should carefully consider both the positive and negative aspects of this decision and disclose why this appointment is in the best interests of the Company in the CG Statement.

Chapter VI. Company Secretary

The Board appoints a Company Secretary, who assists and advises the Board, the Chairman, the Chairs of the Board's Committees at their request, and all Board members and members of the Executive Management Team in exercising their general and specific roles and duties.

The core responsibilities of the Company Secretary include (i) ensuring that the Company's corporate bodies comply with their requirements under the law, the Articles of Association and internal rules and procedures, including those laid down in this CG Charter, (ii) organizing the General Shareholders' Meetings, (iii) acting as secretary of the General Shareholders' Meetings, the Board, the Executive Management Team; and (iv) ensuring, under the direction of the Chairman, good information flow within the Board and its Committees and between the executive management and non-executive directors, as well as facilitating induction and assisting with professional development as required.

The Company Secretary regularly reports to the Board, under the direction of the Chairman, on how Board procedures, rules and regulations are being followed and complied with. He has the authority and the duty to use adequate, necessary and proportional means in order to efficiently fulfil the Board's responsibilities. Individual directors should have access to the Company Secretary. The Board may decide to replace the Company Secretary at any time.

Chapter VII. BOARD COMMITTEES

A. Role

A substantial portion of the analysis and preparatory work of the Board is done by standing Board Committees. The decision-making remains the collegiate responsibility of the Board, the Committees have an advisory function. They assist the Board in specific areas, which they cover in appropriate detail and on which they make recommendations to the Board.

B. Committees – Terms of Reference

The Board will at all times have a Nomination & Remuneration Committee and, at all times when listed on the NASDAQ Stock Market or when required in accordance with the BCC, an Audit Committee. The Board may, from time to time, establish or maintain additional Committees as necessary or appropriate.

The role and responsibility of each Board Committee is determined by the Board and laid down in its Terms of Reference. The Chairman of the Board must ensure that the Board appoints Committee members and a Chairman of each of those Committees in accordance with the Terms of Reference of each Board Committee.

The Terms of Reference of the Nomination & Remuneration Committee are set out in Schedule E ("*Nomination & Remuneration Committee – Terms of Reference*") to this CG Charter. The Terms of Reference of the Audit Committee are set out in Schedule F ("*Audit Committee – Terms of Reference*") to this CG Charter.

The Board details the composition and operation of each Committee in the CG Statement.

Chapter VIII. EXECUTIVE MANAGEMENT TEAM

The Company has opted for a "one-tier" governance structure. The Board has established an Executive Management Team, which is an advisory Committee to the Board, and therefore does not constitute a Management Board ("*comité de direction*" or "*directiecomité*") in accordance with Article 524*bis* of the BCC.

The Executive Management Team discusses and consults with the Board and advises the Board on the day-to-day management of the Company in accordance with the Company's values, strategy, general policy and budget, as determined by the Board.

Each member of the Executive Management Team has been made individually responsible for certain aspects of the day-to-day management of the Company and its business (in the case of the CEO, by way of delegation by the Board; in the case of the other Executive Management Team members, by way of delegation by the CEO). Each member of the Executive Management Team is individually competent to decide on the matters delegated to them. However, each member of the Executive Management Team will ensure that any decision to be taken by that member in respect of the powers so delegated that could be material to the Company's day-to-day management (prior to the taking of that decision if possible, or otherwise after that decision has been taken) is presented and discussed at a meeting of the Executive Management Team.

The Board has determined the Terms of Reference of the Executive Management Team (as set out in

Schedule C (*“Executive Management Team – Terms of Reference”*) to this CG Charter) and of the CEO in particular (as set out in Schedule D (*“Role and Responsibilities of the CEO and the members of the Executive Management Team”*) to this CG Charter), detailing their respective roles, responsibilities, duties, and powers, and for the Executive Management Team, its composition and operation.

Chapter IX. RULES PREVENTING MARKET ABUSE

A Dealing Code, attached to this CG Charter as Schedule H (*“Dealing Code”*), ensures that all employees, and particularly the members of the Board and the Executive Management Team, do not abuse, or place themselves under suspicion of abusing, and maintain the confidentiality of inside information that they may have or be thought to have, especially in periods leading up to an announcement of financial results or of price-sensitive events or decisions.

To implement and monitor this Dealing Code, the Board will designate one or more Compliance Officers who will have the rights and obligations set out in the Dealing Code.

Chapter X. MISCELLANEOUS

A. Changes to the CG Charter

The Board may amend this CG Charter from time to time without prior notice. It may also decide at any time to deviate from this CG Charter subject to it disclosing this in the CG Statement of the annual Board report.

Any such modification or deviation will be published on the Company’s website.

Third parties will not derive any rights from such modification or deviation.

B. Priority

In the case of any contradiction between a provision of this CG Charter and an applicable mandatory law or regulation, the law or regulation will supersede the provision of this CG Charter.

C. Governing law and jurisdiction

This CG Charter is governed and must be construed in accordance with Belgian law.

The Courts of Nivelles (Belgium) have exclusive jurisdiction to settle any dispute which may arise out of or in connection with this CG Charter.

Schedule A Independence Standards

Each member of the Board, executive and non-executive alike, is required, in his capacity as a Board member (i) to be guided exclusively by the overall goal of the Company's Board which is to perpetuate a successful business; (ii) to maintain in all circumstances his independence of judgment, decision-making and action; and (iii) to clearly express his concern, and as the case may be, have recorded in the minutes his opposition to a proposal submitted to the Board if he is of the opinion that this proposal may harm the interests of the Company.

Besides this individual obligation imposed on each of its members, the Board determines whether there are relationships or circumstances which are likely to affect, or could appear to affect, the independence of non-executive Board members.

An independent director is one whom the Board affirmatively determines has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). The Board determines each director's independence in accordance with the independence criteria set out in Article 526*ter* of the BCC. The Board will determine the independence of any director who has a relationship with the Company that is not covered by these standards and the Company will disclose these determinations in the Company's CG Statement in its annual report.

Each independent director who ceases to satisfy the requirements of independence must immediately inform the Chairman of the Board of this fact.

The Company will disclose which directors it considers to be independent in the CG Statement.

Schedule B Role and Responsibilities of the Chairman of the Board

A. Role

The Chairman of the Board provides leadership to the Board in discharging its duties and acts as a liaison between the shareholders, the Board and the Company. He is responsible for taking the lead, supported by the Board's Committees if necessary, in all initiatives that are designed to ensure the Board functions effectively and in line with the present CG Charter.

The Chairman is appointed by the Board on the basis of his knowledge, skills, experience and mediation strength. The Chairman of the Board and the CEO should not be the same individual. If the Board envisages appointing the former CEO as Chairman, it should carefully consider both the positive and negative aspects of this decision and disclose why this appointment is in the best interests of the Company in the CG Statement.

The Executive Management Team is guided by the following Terms of Reference.

B. Role

Without prejudice to more specific provisions herein, the Executive Management Team will discuss and consult with the Board and advise the Board on the day-to-day management of the Company in accordance with the Company's values, strategy, general policy and budget, as determined by the Board.

The Executive Management Team will, in preparation for each meeting of the Board, prepare a report to the Board on the day-to-day management of the Company, to be presented by the CEO to the Board. This report must contain a summary of all material decisions discussed by the Executive Management Team over the relevant period

The Executive Management Team and its members have the duty to respect all relevant legal provisions, the Articles of Association and this CG Charter.

While exercising its advisory responsibilities, the Executive Management Team will be guided by the interests of the Company and its business.

C. Responsibilities

The Executive Management Team as a Committee does not have any powers or responsibilities other than acting as an advisory Committee to the Board. The existence of the Executive Management Team will in no way influence the powers and responsibilities of the individual members of the Executive Management Team.

D. Composition and appointment of the members

At least all executive directors are members of the Executive Management Team. The Executive Management Team is composed of the following members (to the extent that these positions are filled):

- the CEO (who will be the Chairman of the Executive Management Team); and
- any other person, as decided by the board of the Company in consultation with the CEO

The Chairman of the Executive Management Team may invite certain members of the management of the Company to parts of one or more Executive Management Team meetings, on *ad hoc* basis.

E. Appointment, duration and dismissal

The Board appoints the members of the Executive Management Team in consultation with the CEO, based on the recommendations made by the Nomination and Remuneration Committee.

Members of the Executive Management Team may be legal entities or physical persons. A member of the Executive Management Team that is a legal entity must appoint a single permanent representative who will represent it at Executive Management Team meetings.

The Board decides on the duration of the mandate of each member of the Executive Management Team at the time of their appointment.

The members of the Executive Management Team may be dismissed by decision of the Board at any time.

The remuneration, duration and the conditions of dismissal of Executive Management Team members will be governed by the agreement entered into between each member of the Executive Management Team and the Company (after approval by the Board based on the recommendations made by the Nomination and Remuneration Committee) in respect of their function within the Company.

F. Organization of the Executive Management Team

1. Division of tasks

Each of the members of the Executive Management Team is individually responsible for the tasks delegated to it by the CEO (or, in the case of the CEO, by the Board).

The Executive Management Team as a Committee does not have any powers or responsibilities other than acting as an advisory Committee to the Board.

2. Meeting schedule, agenda and notice

The meetings of the Executive Management Team will be held on a regular basis and, as a rule, at least once a month.

Extraordinary meetings may be convened at any time by the Chairman or at the request of at least two members of the Executive Management Team.

The Chairman sets the date for meetings, in consultation with the other members of the Executive Management Team.

The Chairman convenes meetings by e-mail, fax or mail (on giving at least three business days' prior notice, or, in case of urgency, to be justified in the notification, on giving less than three business days' prior notice), prepares and chairs the meeting and sets its agenda. If the Chairman is unable to attend the meeting, the most senior member (in age) will chair the meeting. The notice will include the agenda.

Each member may demand that certain items be included in the agenda (and each member is obliged to include all material decisions that the member has been faced with in connection with the powers

delegated to him). The agenda items must be sent to the Chairman (or the Company Secretary, if the Executive Management Team has appointed a Company Secretary from among its members) two business days prior to the meeting, or, in the case of urgency as referred to above, at least 12 hours prior to the meeting. These item(s) will be included in the agenda, or will, as the case may be, be sent to the members by e-mail, fax or mail prior to the meeting.

If all members are present or represented at the meeting, they may unanimously waive the right to receive notice for that meeting.

3. Quorum

The Executive Management Team will constitute a quorum when all members have been invited and the majority of the members are present or represented at the meeting. Absent members may grant a power of attorney to another member of the Executive Management Team. Members may attend the meeting physically or by telephone or video conference.

The absent members must be notified of the discussions in their absence by the Chairman (or the Company Secretary, if the Executive Management Team has appointed a Company Secretary from among its members).

The Executive Management Team unanimously decides on its report to the Board. If unanimity cannot be reached (e.g., in respect of whether a certain matter should be included in its report to the Board, or in respect of the substance of the reporting on a particular matter), the relevant matter must be separately reported to the Board, with a summary of each of the positions within the Executive Management Team on the relevant matter. The Chairman may invite third parties to attend a meeting of the Executive Management Team as an observer.

4. Minutes

Minutes of the meetings of the Executive Management Team will be kept by the Chairman (or the Company Secretary, if the Executive Management Team has appointed a Company Secretary from among its members). The minutes will be kept on file at the Company's offices. A copy of the draft minutes must be submitted to all members before the next meeting. The minutes will be deemed approved if no member lodges any objections at the following meeting subsequent to the delivery of the draft minutes.

5. Conflicts of Interest

Each member of the Executive Management Team should arrange his personal and business affairs so as to avoid conflicts of interest with the Company. Any member of the Executive Management Team must abide by the rules on conflicts of interests as set out in Schedule G ("Conflicts of interests") to this CG Charter.

6. Representation

The Executive Management Team is represented at the Board through the report delivered by the CEO and approved unanimously by the Executive Management Team.

The Executive Management Team as such has no powers to represent the Company.

7. Remuneration

Any contractual arrangement entered into on or after 1 July 2009 regarding the remuneration of the CEO or any other member of the Executive Management Team, should specify that the amount of severance pay awarded in the event of early termination does not exceed 12 months' base and variable remuneration. Any such agreement (entered into on or after 1 July 2009) should specify that the severance package does not take into account the variable remuneration and is limited to 12 months' base remuneration in the event that the departing CEO or any other member of the Executive Management Team did not meet the performance criteria referred to in the agreement.

The Board may consider a severance package exceeding 12 months' remuneration, or, on reasoned advice of the Nomination and Remuneration Committee, exceeding 18 months. In accordance with Article 554, 3d paragraph of the BCC, which applies to agreements with the CEO or any other member of the Executive Management Team entered into or extended as from 3 May 2010, any such provision must be submitted for prior approval at the next Annual General Shareholders' Meeting. At least thirty days prior to the publication of the notice convening the next Annual General Shareholders' Meeting, the proposal to grant a higher severance package must be communicated to the works council (or to other designated bodies or persons representing the employees, if this council does not exist; *i.e.*, the employee representatives in the committee for the prevention and protection in the workplace or, in the absence of this committee, to the trade union delegation), which may then give its advice to the Annual General Shareholders' Meeting, at the latest on the day of publication of the notice convening the Annual General Shareholders' Meeting. This advice must be published on the website of the Company.

The remuneration of the members of the Executive Management Team is decided by the Board based on recommendations made by the Nomination & Remuneration Committee, further to a recommendation made by the CEO to the Nomination & Remuneration Committee (except where his own remuneration is concerned).

The level and structure of the remuneration of members of the Executive Management Team will be such that qualified and expert professionals can be recruited, retained and motivated, taking into account the nature and scope of their individual responsibilities.

An appropriate proportion of the remuneration package of a member of the Executive Management Team will be structured so as to link rewards to corporate and individual performance (as set out in more detail below), thereby aligning the interests of the member of the Executive Management Team with the interests of the Company and its shareholders.

The criteria for granting variable remuneration to the CEO or any other member of the Executive Management Team will be included in the contractual or other provisions governing the legal relationship between that person and the Company. The variable remuneration may only be paid out if the criteria for the reference period have been met. If the criteria are not met, the variable remuneration may not be taken into account in calculating the severance package.

8. Disclosure of remuneration

The Company's CG Statement will include a separate remuneration report, in accordance with Article 96, §3 of the BCC, prepared by the Nomination and Remuneration Committee. This remuneration report will at minimum include the information required by law.

9. Access to advisors

The Executive Management Team may, at the reasonable expense of the Company, retain those independent accounting, financial, legal and other advisors that it deems necessary or appropriate to carry out their mandate after informing and consulting with the Chairman of the Board in due consideration of the financial consequences for the Company.

10. Interaction between Board members and the Executive Management Team

The members of the Executive Management Team will provide the Board with timely information, if possible in writing, on all facts and developments concerning the Company which the Board may need to function, as required, and to properly carry out its duties.

The Board may at any time invite members of the Executive Management Team to attend the meetings of the Board to discuss with them the policies they are pursuing.

At the end of each fiscal year, the Executive Management Team will draft a proposal for a budget and a business plan of the Company for the next fiscal year. This budget proposal and business plan must be submitted to the Board by the Chairman of the Executive Management Team no later than 15 December each year. The Board may invite the members of the Executive Management Team to Board meetings to discuss with them the contents of the budget proposal and business plan and to request additional information.

The Executive Management Team will conduct an annual evaluation to determine whether it is fulfilling its powers and responsibilities in an effective manner. The Chairman of the Executive Management Team will discuss the results of the evaluation with the Board.

The Executive Management Team will act on the results of the performance evaluation by recognizing the strengths and addressing the weaknesses of the Executive Management Team.

11. Duty of confidentiality

Members of the Executive Management Team must treat all information and documentation acquired within the framework of their positions as members of the Executive Management Team with the necessary discretion and, in the case of classified information, with the appropriate secrecy. Classified information must not be disclosed outside the Board or Executive Management Team, made public or otherwise made available to third parties, even after resignation from the Executive Management Team, unless it has been made public to the Company or it has been established that the information is already in the public domain.

12. Discharge

Immediately following the deliberation on the Annual Activity Report presented by the Executive Management Team to the Board, the Board will deliberate and decide on the discharges to be granted to each member of the Executive Management Team for the performance of his mandate during the past fiscal year.

This discharge will only be valid if the information provided by the Executive Management Team is correct and complete.
